## Post-Doctoral Clinical Psychology Police and Public Safety Resident (Full-time)

### Description

As a part of the Police and Public Safety track, you will have the opportunity to provide therapy and psychological assessments to first responders and their family members. Your work with First Responders will also include conducting pre-employment evaluations, fitness for duty evaluations, and counseling. Depending on need, the opportunity to provide therapy groups may be available. As a postdoc resident you will receive weekly individual supervision, biweekly agency-wide group supervision, and monthly staff meetings.

### Responsibilities

- Reporting to our Chief Operating Officer and Chief Clinical Officer, the Police and Public Safety Post-Doctoral Resident is responsible for assessing, diagnosing, and treating.
- Conducting intakes with First Responders.
- Providing evidence-based mental health counseling and psychotherapy to First Responders.
- Identifying culturally appropriate treatment to meet First Responders' experiences and individual needs.
- Working with First Responders to set SMART goals and develop individualized treatment plans.
- Giving First Responders adequate resources to gain insight through a strength-based approach to treatment.
- Identifying social, emotional, and cultural barriers that may inhibit a First Responders' psychological well-being.
- Conducting pre-employment evaluations to determine suitability for employment.
- Provide didactic presentations to all staff on a topic of interest and/or participate in CEU training with independently licensed clinicians.

### Qualifications

Ideal candidates meet the following qualifications:

- Completion of a PsyD or PhD in Clinical Psychology from an APA-accredited Doctoral Program
- Completion of an APPIC-member Doctoral Internship
- Experience or interest in working first responders
- National Provider Identifier NPI number
- Individual professional malpractice liability insurance policy (\$1mil/\$3mil)
