Remote Clinician (Part Time) – Fort Wayne

Description

Pillars is excited to expand our services in Fort Wayne, Indiana! We plan on opening our first Fort Wayne clinic in September 2022 and we need you! We are starting to build our team and we are looking for team players that want to be a part of bringing Pillars of Wellness to your community! We have found that our clients and clinicians thrive when we can leverage the best of both worlds! The comfort and community vibe in our upscale office environments helps facilitate a supportive and collaborative working environment. However, we have all valued the flexibility of telecommuting. Telehealth not only offers a convenient and simple way to provide therapy to a diverse population, there is also strong evidence that it can improve clinical outcomes for clients and prevent burnout and increase job satisfaction for clinicians! We are looking for clinicians who are eager to start seeing clients and provide them with a service that is effective and efficient. With the flexibility of telehealth services, clinicians can be located anywhere and be matched with clients that meet their ideal clinical interests while maintaining the highest level of legal and ethical consideration for licensing restrictions. Our plan is to start building a remote team that can transition to in-person or remain remote if preferred.

Responsibilities

- Evaluating, assessing, and diagnosing clients experiencing mental health and psychological distress
- Providing evidence-based mental health counseling and psychotherapy to clients
